

# NORFOLK ISLAND - updated 9/09

## Photo Workshop - For all levels & interests ...

**February 14/21 2010**

Due to flight schedule changes, we have changed the dates by one day and some of the finer details. However, it is still the same great event.

Norfolk Island is one of the most photogenic locations on earth! We base ourselves at a great hotel and explore in twin share vehicles. Darran started his photography on the island in 1980, has lived on the island, married Julia on the island and has returned several times for photo workshops. We shoot a very wide range of subjects from seascapes to landscapes, wildlife to macro and stunning creative images. Workshops start at the basics and progress. You have access to an international class tutor 24/7 of the working day. Your tutor will target specific opportunities but allow quality time also for your questions. We finish with a group image presentation and overview of the week.

### **GETTING TO THE WORKSHOP ...**

You can fly from Melbourne, Sydney or Brisbane.

### **ISLAND TRANSPORT ...**

Is included as twin share vehicle per room. It is a small island.

### **ACCOMMODATION & MEALS ...**

We are booked into the beautiful Endeavour Lodge. (Self contained.) Lots of photo opportunities at your door! Meals as per itinerary. Other meals will be suggested by your guide to fit in with shoot timing.

Here is an outline for 8 fantastic photo days. Note that we start at the photo basics but each day will progressively offer greater challenges. This suits everyone at all levels.

### **A GREAT FUN PACKED WEEK ...**

#### **DAY 1 - Sunday, February 14**

You fly to Norfolk Island - jewel of the south pacific. We have different arrival times from each state. Afternoon free to explore and settle in. Darran will arrive late (8.45pm) with the Brisbane group.

#### **DAY 2 - Monday, February 15**

Sunrise shoot near our accommodation. 8.30am workshop to offer great tips and techniques for your stay on the island. After lunch, we take our half day island tour which will help you get your bearings and offer lots of answers about the island. Some good images will fill those cards. We meet tonight for dinner at Barney Duffy's. This is followed by an AV by Darran. (D)

#### **DAY 3 - Tuesday, February 16**

Early morning sunrise shoot at Kingston. Lots of historical buildings will offer you hours of shooting challenges. After lunch we explore 100 acre reserve. This is a great seascape area with tropic birds and that fly close by. Top creative location as well.

#### **DAY 4 - Wednesday, February 17**

Morning free to relax or explore. Afternoon shoot at Captain Cooks Lookout. A top place for the landscape photographer. Early dinner is followed by an evening 'ghostly shoot' at Kingston. This is a lot of fun and will help you with new creative options.

#### **DAY 5 - Thursday, February 18**

A morning workshop of theory and photo problem solving. PhotoShop, LightRoom and processing images. What about Workflow? This will all become easier for you. The afternoon includes a shoot to put theory into practise.

#### **DAY 6 - Friday, February 19**

Morning shoot to a hot new location. This is followed by a free afternoon. This free time is important as it allows you to explore new locations or reshoot an old location.

#### **DAY 7 - Saturday, February 20**

Morning free to explore. Afternoon workshop in the field looking at creative techniques in a new location. The afternoon is a final workshop looking at images and the groups work. We wrap up the week and head off for a dinner to celebrate a great week of photography and adventure!

(D)

#### **DAY 8 - Sunday, February 21**

Morning free for a last shop or explore as per your departure times.

**MEALS** - Two dinners are included. We suggest you buy breakfast and lunch requirements for a couple of days at the local shopping centre. Our accommodation offers a kitchen. Darran will suggest some group meal arrangements that are optional. Details and price are subject to change.

## WHO BOOKS OUR EVENTS?

We get a cross section of photo enthusiasts to each event, from beginners to advanced. Customers vary in age and experience but all attend for the same goal - to improve their hobby and have a fantastic time.

## WHAT DO THEY OFFER?

Our workshops are famous for offering you in depth information about photography from practical to theory and importantly - to your individual level. Whether one day, two or more, you are guaranteed to be offered excellent value for money and a continued service to help you achieve your creative goals. We have a team of tutors that are the best in the world. They will pass on years of experience and excite you with their passion for photography. Importantly, they work to your individual level.

## AN AMAZING PHOTO WORKSHOP!

Eight 'full on' intense days will offer you a lot of information. This workshop targets top creative images and use of those images.

To target such opportunities you need professionals running the event who are experience and knowledgeable. At SafariWise, we guarantee you the best guides and services to target the key opportunities of the region visited. Your personal tutor will work hard to make it a great success!

## WHO ARE WE?

SafariWise is Australia's only licensed travel agency specialising in photography tours and workshops. Since our first photo holiday to Norfolk Island in 1989, we have created a reputation for offering outstanding service and unique holidays. Our extra attention to detail and our professional ground arrangements assures you a memorable photo education experience. This is why photographers return time and time again ...

Darran Leal has guided over 500 events throughout the world. Julia Leal is the office manager and has been a travel consultant for over 28 years.

*Together they make an awesome team!*

## WE GUARANTEE YOU ...

1. Fantastic service and peace of mind to travel with one of the most experienced photo travel companies in the world.
2. Quality time in quality locations. We often spend double the time at key locations compared to most tours.
3. Small group sizes of 4-10 travellers.
4. A world class guide who is your personal photo tutor and available throughout the tour to maximise your holiday and photo interests.
5. Expert local guides to maximise your experience of the region.
6. Our events are mid range to luxury.

## APPLES FOR APPLES

If you are going to compare our events to others, ask yourself the following questions:

1. Are they a registered travel agency to handle travel services?
2. Are they offering the above services and guarantees?
3. Do they include an experienced photo tutor with nearly 30 years experience?
4. Price - yes they might be cheaper but is the workshop based on a higher number of participants? This then has a higher risk for cancellation. You will also receive less personalised attention.
5. What accommodation is being offered? As an example - our hotels and lodges are high quality mid range to luxury.
6. We include twin share rental vehicles to allow you freedom and for more flexible arrival and departures.

*Our aim is to allow you to have a great photo experience!*
